

ANNOUNCING A NEW PARTNERSHIP

and

Pennsylvania Future Business Leaders of America (PA FBLA)

On July 17, 2007, ATSPA received notification that the PA Future Business Leaders of America chose ATSPA as their State Project for 2007-2008. The PA FBLA has set a financial goal to raise a minimum of \$75,000 for trauma prevention and has promised 60,000 volunteer hours for the American Trauma Society.

Several FBLA students volunteered at our annual golf tournament in September. ATSPA participated in a 2-day State Leadership Workshop at the Penn Stater Hotel on October 21-22, 2007. Watch for updates on FBLA activity.

The PA FBLA will collect money throughout the year and present a symbolic check for the total amount at the 2008 State Leadership Conference in Hershey on April 1, 2008.

Throughout this campaign, PA FBLA members may call upon our member institutions located close to an FBLA chapter for assistance and/or advice.
