ATSPA and Safe Kids PA offer safety tips for trick-or-treat

Mechanicsburg, Pa. –The American Trauma Society, PA Division (ATSPA) and Safe Kids Pennsylvania are teaming up to bring awareness to safety issues around trick-or-treating and to provide alternatives that might save a life.

“Trick or treating is a great way to celebrate Halloween and allow children to have some creative fun,” said ATSPA CEO, Krista Brands. “However, according to Safe Kids Worldwide, children are twice as likely to be hit by a car and be killed on Halloween than on any other day of the year.”

Halloween costumes can increase the risk of injury to children. Follow the tips below when creating or selecting a costume.

- Use reflective tape and glow sticks to make sure drivers can clearly see your child as they cross the street.
- Avoid baggy outfits and flowing cloaks to prevent accidental falls and tripping.
- Shoes should be comfortable with laces securely tied to avoid tripping.
- Be sure to buy costumes that are labeled as flame resistant.
- Avoid costumes and props with sharp edges.
- Unique costumes are recommended so your child is easy to pick out in a crowd.
- Use hypoallergenic face paints.

It’s not just costumes that can present a danger to children. Use these additional tips to create a stress-free trick or treat night.

- Always have adults accompany children when trick or treating.
- Have a meeting place set up beforehand in case you get separated.
- Adults should check candy prior to allowing children to dig in.
- When passing out candy, have a non-food alternative in case of allergies.
- Keep your house well-lit for visitors.
- Carry a flashlight to help see in the dark.

“Some parents may choose to skip trick or treating all together,” said Jessica Ritter, Coordinator for Safe Kids PA “Here a few safe alternatives for Halloween fun.”

- Decorate pumpkins with members of your household and display them. Keep safety in mind if you are carving pumpkins or use paint instead!
- Decorate your house, apartment or living space.
- Have a Halloween scavenger hunt for Halloween items, candy, or age-appropriate trinkets.

- Have a Halloween costume contest with close neighbors, family, and friends.
- Have a Halloween movie marathon.

Drivers can also make it a safe and happy Halloween by following the below tips.

- Limit distractions while driving.
- Take extra precautions during the early evening and night.
- Be aware of your surroundings and nearby pedestrians.
- Drive slowly in the neighborhood or towns where kids may be trick-or-treating.
- Be aware of when trick or treat takes place in your neighborhood, or other places you may visit.

Using these tips and staying alert can keep parents and children safe this Halloween. ATSPA and Safe Kids PA wish everyone a safe and happy Halloween.

###

The American Trauma Society, Pennsylvania Division is a non-profit organization committed to trauma prevention and mitigation through education and advocacy. Our work includes providing presentations and educational materials on many trauma prevention topics, including concussions, water safety, senior falls, bike safety, traffic safety and much more. For information, call 717-766-1616 and visit www.atspa.org.

Safe Kids Pennsylvania is an organization dedicated to the prevention of and education around unintentional childhood injuries, which are the number one killer of children throughout the USA. These injuries range from accidental falls, poisonings, car crashes and child passenger safety, drowning, and many more. Safe Kids Pennsylvania is one of many statewide coalitions under Safe Kids Worldwide, and is led by the American Trauma Society, PA Division. For more information on Safe Kids PA, visit our website at <https://www.pasafekids.org/> or on Facebook at <https://www.facebook.com/safekidspa/>.
